

NEXT-GEN PACKAGING PLATFORM

PRCTAP
SIMPLIFYING PACKAGING

WHO WE ARE

We are Pactap, a one-stop solution for all your packaging needs. Our tech-enabled digital platform connects buyers to the right set of global manufacturers to deliver high-quality and cost-effective packaging solutions, only within a few taps.

Our Vision

At Pactap, we envision establishing a global platform that simplifies your packaging needs through high-quality and innovative solutions.

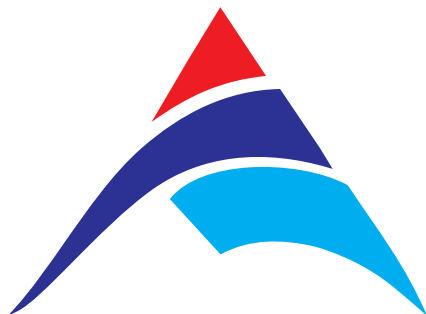

Our Mission

Tech intervention is at the heart of Pactap's operations. Our strengths in logistics and quality audits enable us to offer end-to-end packaging solutions to our clients all over the world.

66

Pactap serves a host of industries – from e-commerce and FMCG to retail and the food takeaway space.

We provide our consumers with end-to-end solutions that are innovative and sustainable, so that all their packaging needs are taken care of, on a single platform.

Powered by Aero Plast Ltd.

Pactap is backed by Aero Plast Ltd, a pioneer in the packaging industry with an extensive experience of 44 years. Our world-class manufacturing facility and extensive quality control mechanism helps in catering to the needs of diverse clients.

Mailer Bags

Mailer bags are most commonly used in the e-commerce sector and their demand has been increasing rapidly. They are affordable, lightweight, and durable, and occupy less space in vehicles, thereby reducing the freight costs. Lower transported volume, lower costs, high-end colorful branding, and recyclable packaging make them one of the fastest-selling products in the retail industry.
